

A HOME TOWN PAPER FOR HOME TOWN PEOPLE

VOL. XXVI

SOUTH SAN FRANCISCO, SAN MATEO COUNTY, CAL., FRIDAY, AUGUST 8, 1919.

NO. 32

TWO OFFICERS ACCUSED OF WRONG

CONSTABLE AND FORMER DEPUTY
ARE NAMED IN SWORN STATE-
MENTS MADE BY MEN OF SOUTH
SAN FRANCISCO AND COLMA.

James C. Wallace, constable of this city, and Peter Lera, former deputy constable, are accused of misconduct in office in sworn statements made to District Attorney Franklin Swart Wednesday of this week. In the first affidavit, sworn to by John Jacobi of this city, Jacobi accuses Wallace of conspiring to secure a reward for an automobile found in front of Jacobi's house on the 23d day of last March. Jacobi says he notified Wallace of the finding of the machine and that Wallace advised him to put the machine in his barn and wait till a reward had been offered. Later it turned out that the car was stolen from Leslie E. Kells of 3275 Adeline street, Berkeley. Jacobi declares that although the number plates were still on the car and the engine number discernible, Wallace made no effort to trace the ownership.

District Attorney Swart stated to The Enterprise this morning that he had just talked the matter over with Wallace and was convinced that, while the constable might have been somewhat negligent, no willful wrongdoing was intended on the officer's part. Mr. Wallace was ill with influenza at the time and barely able to attend to his duties. When notified of the presence of the auto, Wallace states he told Jacobi to put the car into the barn and then telephoned to San Francisco officers about the matter, but was unable to learn anything of the car's ownership, it having not then been reported stolen. Owing to his subsequent and long-protracted illness, Wallace says, the matter was neglected, but he did not advise Jacobi to hold it for reward. Seriousness attaches to the matter because of the state law that makes holding a strange machine without effort to find its owner grand larceny.

The second affidavit, made by Giuseppe Giovanni of Colma, accuses Lera of withholding \$100 belonging to Giovanni. According to Giovanni's story, \$1500 in gold was stolen from under a wine barrel in his cellar, and later, when Lera found \$100 in gold on the person of Antone Ragghetti, that man confessed to the theft. Giovanni says that Lera took the money, saying it would be used as evidence, and that later when he asked Lera for it the officer promised to return it to him but never did so. Lera is now living in San Francisco.

The charge against Lera is now being investigated by the district attorney's office.

MISS RUE CLIFFORD ATTENDS CHICAGO SORORITY CONVENTION

Miss Rue Clifford of this city returned Saturday from a trip to Chicago, where she attended the Alpha Phi Omega convention as a delegate from the sorority at the University of California. The meeting place was the Congress Hotel and there were 383 members of the order in attendance.

During her stay in Chicago Miss Clifford visited many of its suburban towns and had a most enjoyable time. Returning by way of the Canadian Pacific, she stopped at Banff, Canada, at Seattle and at Tacoma. Miss Clifford was gone from South San Francisco about six weeks.

SHE DEFIES EVICTION

Mrs. E. M. Davis has lived in government-owned houses in Washington for 18 years, paying an annual rental of one dollar for one and five dollars for another, and collecting rent from 22 subleasing tenants. She refuses to stand a raise in rent and defies eviction.

LOCAL YOUNG PEOPLE ARE MARRIED SUNDAY

Claurina Raffaelli Becomes Bride of
Michael Minucciani at All
Souls' Church.

A pretty wedding took place at All Souls' Church Sunday afternoon at 2 o'clock when Laurina Raffaelli, daughter of Albert and Angelina Raffaelli, became the bride of Michael Minucciani, son of Antonio and Eufrosina Minucciani. Miss Gustina Sari acted as bridesmaid, while Caesar Pardini was the bridegroom's best man. Theresa Guidi and Luisa Minucciani acted in the capacity of flower girls, strewing blossoms in the aisle in front of the wedding party as it entered the church and advanced to the altar. The bride was beautifully gowned in georgette crepe and wore a bridal veil caught up with orange blossoms. She carried a large bouquet of white carnations, while the bridesmaids carried white asters. Father Moran, pastor of All Souls' Church, performed the ceremony, the bride and bridegroom and their attendants passing up the aisle to the strains of the organ played by Miss Mary Carmody. About thirty-five guests, relatives and friends of the happy couple, were present.

After the ceremony a wedding dinner was served at the Raffaelli home, the big table being decorated with pink and white gladiolas. Later 100 guests assembled and spent the evening in dancing.

Mr. and Mrs. Minucciani departed for a honeymoon to be spent at San Francisco and other points around the bay. On their return they will live at 570 Miller avenue, where a pretty bungalow has been finished within the last few days for their occupancy.

L. HURST REACHES NEW YORK.

Word has been received here by friends of L. Hurst that he has arrived in New York from overseas and hopes to be home soon. Hurst was being held in quarantine at the time of his communication.

IMPROVEMENTS PLANNED HERE

TWO PROMINENT BUILDINGS TO
UNDERGO ALTERATIONS THAT
SHOW SPIRIT OF PROGRESS
IN SOUTH SAN FRANCISCO.

That the one-story building at the southwest corner of Linden and Grand avenues is soon to undergo marked improvements, was brought out at the meeting of the city council Monday night, when H. Scampini made application for the necessary permit. A new stucco front is to be put on the building and plate glass windows installed. It will be a marked improvement for one of the most prominent corners of the city. Mr. Scampini will open a confectionery store in the building where for many years he conducted the Postoffice Saloon.

Another application for permission to make alterations on a prominent building on one of the main streets of the city was made by E. C. Peck. It applies to the room at 250 Grand avenue, until recently occupied by the Monize Bros.' barber shop, and which will be so used again as soon as the alterations are made. The place is to be replastered and a new front with plate glass put in. The application also covers the old Hawes & Tibbetts saloon next door, where similar changes are to take place. The changes in these two places are to cost \$2000.

Routine business occupied the trustees at their meeting except for the appearance of Judge E. E. Cunningham, who urged the board to pass a curfew ordinance for South San Francisco. Judge Cunningham made a strong appeal for the curfew, bringing to the attention of the board that it is much needed here, as several cases of youngsters getting into mischief late in the evening have come to light recently. No official action was taken in the matter by the board.

A number of monthly bills were read and ordered paid. Reports were read from different city departments and approved. The report of City Clerk W. J. Smith showed expenditures for the month of July to have been \$1915.09. The report of Fire Chief B. H. Truax showed that three small fires occurred during July, the total loss being about \$200. J. J. Dowd, city recorder, reported \$17 taken in during the month by his office in fines. E. P. Kauffmann, city treasurer, reported \$18,381.62 in the bank to the city's credit.

RETURNS STOLEN AUTO.

Of "borrowing" automobiles to go joy-riding there seems no end these days, but it is not often that a car is borrowed from a locked garage, used, and then returned to its stall. But this happened last Sunday night, and City Clerk W. J. Smith has vowed vengeance on the guilty person, for his was the car taken, and it was put back into the garage minus half a perfectly good windshield, the broken glass from which lay scattered over the floor and cushions. The car was not damaged otherwise beyond a few scratches. No trace of the person who broke the lock and used the machine has yet been found.

COMMERCE CHAMBER TO BACK Y. M. C. A.

Will Urge Supervisors to Widen
Bay Shore Highway at All
Dangerous Turns.

At a meeting of the Chamber of Commerce held at the city hall Tuesday evening that organization determined to urge upon the County Supervisors the necessity of widening the Bay Shore highway at certain places, especially at turns where, according to several members of the Chamber, the present width of the pavement makes these spots dangerous in wet weather. It was represented that when the rains come the water and mud running down from the hills make it difficult for a machine to get back on the pavement when it becomes necessary, as it usually does, for the car on the outside to run off on the dirt in passing another auto. Several of those present told of narrow escapes they had had by their machines slipping and skidding in the slime where the high bank rises from the edge of the road.

The present movement of the Y. M. C. A. to establish reading and social rooms and recreation grounds in this city was brought up, and it was unanimously voted that the Chamber give its approval and backing to this cause because of the need of the city for these things here. It was decided, also, that the city council be urged to give its co-operation and, if necessary, the financial support of the city to the Y. M. C. A. in this matter. It was represented that the proposed civic center would be the ideal location for the recreation and playgrounds and that when this center is leveled and improvements made, as already outlined by the city, the addition of playgrounds for the children would greatly increase the benefits to be derived from the center. A Hynding and P. R. Thompson were appointed a committee from the Chamber to further the interests of this movement in whatever way seems most practical.

This was the first meeting of the Chamber for several weeks because of postponements owing to members being out of town. The meetings will now be resumed the second and fourth Tuesday evenings of each month.

JOHNSON MEN PLAN MEET AUG. 12

BOOSTERS FOR CANDIDACY OF
CALIFORNIA SENATOR TO MEET
AT SAN MATEO AND ORGANIZE
COUNTY-WIDE JOHNSON CLUB.

That all San Mateo county is interested in the Johnson-for-President movement is illustrated by the fact that men and women from all parts of the county will gather in San Mateo for the purpose of forming a San Mateo county club to further promote the Republican nomination and candidacy of Hiram W. Johnson for President of the United States.

The big meeting at which the county club will be formed will be held Tuesday evening, August 12, in the high school auditorium in San Mateo.

Attorney Daniel Ryan of San Francisco will be the principal speaker of the evening. State Senator M. B. Johnson will act as chairman of the evening.

The temporary committee who have in charge the matters pertaining to the holding of the general meeting is headed by Ambrose McSweeney of South San Francisco. A. P. Bellisle of San Mateo is acting as temporary secretary.

According to E. E. Cunningham of this city, South San Francisco will be well represented, in fact, the entire first township. An effort is being made to accommodate all those from this section by making arrangements with those from here that have room in their automobiles "for a few more." Those who have room in their machines are requested to notify Mr. Cunningham. Among the others from South San Francisco who are boosting a big South San Francisco representation at the meeting are Dr. J. C. McGovern, W. J. Martin, Robert Speed, F. A. Cunningham, Al Eschelsbach, Judge J. J. Dowd, A. Sorenson, P. Lind, R. E. Setter, William Hyland, J. Carmody, E. C. Peck, S. Neri and H. Scampini.

Mrs. Elizabeth M. Nash, county clerk at Redwood City, is in charge of the membership. At the night of the meeting cards will be furnished for the purpose of obtaining names of those who desire to become members. Names received during the month of August will be classified as "Charter Members." Those who are unable to attend the big meeting but still desire to be classified as charter members may send in their names to the chairman of the membership committee or to the secretary.

The call for the meeting was issued by the following: A. McSweeney, C. M. Morse, John D. Bromfield, E. E. Cunningham, C. J. Lindgren, A. P. Bellisle, H. W. Amphlett, Thomas T. Wiseman, M. B. Johnson, Mrs. Elizabeth M. Nash.

JUSTICE W. J. SMITH ACTS AS NEIGHBORS' PEACEMAKER

Justice of the Peace W. J. Smith of this city acted as peacemaker between neighbors Tuesday morning when in his court the case came up of Mrs. H. H. Bishop of Daly City, arrested on complaint of her neighbor, Paul Richter, and charged with disturbing the peace. Judge Smith read the parties to the complaint a fatherly lecture on neighbors dwelling together in peace, hands were shaken all around, and the complaint was dismissed. The trouble arose over the Bishop children disturbing Mr. Richter and that gentleman and Mrs. Bishop both losing their tempers as a consequence.

NEWS BREVITIES FROM SAN BRUNO

Mrs. C. Martin of Huntington Park has gone to Fresno for a month's visit. Mrs. Jack O'Connor and children have returned from a three weeks' stay in Los Angeles.

Little Virginia Suparich had her tonsils removed Sunday at the Red Cross Hospital, San Mateo, by Dr. F. M. Smith.

At the regular weekly meeting of the Yeomen Tuesday evening a whist party was held, R. L. Jacobson being the prize winner. The lodge plans to hold a whist tournament for members after the regular meetings, beginning August 19. An initiation of new members will be held August 12.

Marvin Russell paid a flying visit to his parents, Mr. and Mrs. F. C. Russell, Saturday, returning to the aviation field at Sacramento Sunday evening.

Mrs. Nerney and family spent Sunday in Oakland visiting Mrs. Erickson.

Mrs. Bacon, mother of G. C. V. Bacon, former resident of San Bruno, is spending a few days at the home of Mrs. Harry Grady in Third Addition.

Miss Margaret Swensen is the guest of Mrs. George G. Hughes of Huntington Park. Miss Swensen expects to sail Friday for her home in England.

Mrs. H. Gorman is building a cottage in Third Addition.

City Marshal Ed Meehan and Archie Curren have returned from their vacation after spending a fine time deer hunting.

Bill Smith, former resident of Belle Air Park, visited friends in San Bruno this week. Mr. Smith, who was foreman at the Prest-O-Lite Company's plant in South San Francisco, is now with the Standard Oil Company at Santa Maria.

The whist party at the Recreation Center will be held August 16. The entire proceeds of these parties go to the boys' and girls' recreation fund, and it is hoped they will be patronized by all San Bruno residents.

Mrs. William Titcomb of Belle Air Park gave a luncheon Wednesday to a few of her friends, all enjoying a pleasant afternoon.

Water meters are to be installed all over San Bruno. Those in the Third and Fifth additions have been already put in.

Mrs. Lind and Mrs. A. Lund enjoyed a fine ride to Mountain View Monday in Mr. Custer's machine, having an enjoyable time.

Mrs. C. Mueldner gave a lunch at her home in Huntington Park Wednesday.

William Halliday has gone for a vacation to Byron Springs, where his son, Ralph, is working on a ranch.

Mrs. John Bean, formerly of Lomita Park, now living in San Francisco, has been a visitor at the home of Mrs. Rice in Lomita. Mrs. Bean has just returned from McComb, Illinois, where she was called by the death of her mother.

SAN BRUNO GIRL ENTERTAINS FRIENDS AT DANCING PARTY

Miss Esther Traviola entertained a large number of her friends Tuesday evening in honor of her birthday. Miss Traviola is a popular young lady in San Bruno and about fifty young people from this city, South San Francisco and San Francisco spent a most enjoyable evening with her. The time was passed in dancing. That Miss Traviola's many accomplishments, including cooking, are much appreciated by her friends was evidenced when one of San Bruno's handsome young bachelors paid her a high compliment on her exceptional cake-making.

CUSTER FAMILY REUNION HELD AT SAN BRUNO SUNDAY

A reunion of the Custer family was held at the home of J. M. Custer, city recorder of San Bruno, Sunday, to celebrate Mr. Custer's sixty-eighth birthday. Dinner was served at 3 o'clock and all made merry around the board and during the afternoon. Those present were Mr. and Mrs. Leo Haas of Haywards, Mr. and Mrs. Warren Custer of Burlingame and two children and Frank Custer of Campbells. The eldest son being unable to be present, telegraphed his regrets and congratulations.

LADIES' AID HOLDS MONTHLY TEA IN METHODIST CHURCH

The Ladies' Aid Society of the Methodist church held its monthly tea in the church parlors Wednesday afternoon. Mrs. L. Meda Hostetter, known on the coast as the Sunshine Evangelist, was the speaker. Mrs. Hostetter will also speak Monday evening at the special services being held in the church. All are invited.

MISS LA REAU BECOMES BRIDE OF MARCEL DANERI SATURDAY

Miss Beatrice La Reau and Marcel Daneri were married last Saturday evening in San Francisco. The wedding supper was served in Berge Franks' old Poodle Dog Cafe, corner Bush and Kearny streets. Mr. and Mrs. Daneri are spending their honeymoon at points on the Russian river. On their return they will make their home in San Francisco.

MANY CHANGES TAKE PLACE AT STEEL MILL

George W. Foraker has taken the position of general manager of the Pacific Coast Steel Company, succeeding C. E. Duncan. Mr. Foraker was formerly superintendent. He has held a position with the company for thirteen years. He is an experienced millman and is well liked by all of the employees.

Mr. Foraker is installing a new 9-inch Belgian mill that will be one of the best in the country. Other extensive improvements will take place. The open-hearth department will resume operations in the near future.

J. C. Wilson has resigned his position as master mechanic. William Wesley Foraker is his successor.

Several of the old employees, who were formerly in charge of various departments, have returned to their positions. Among these are J. W. Bates, chief engineer and draftsman; Al Grover, foreman of the locomotive department, and Reese Lloyd, roller on the 10-inch mill.

Dan McSweeney has returned to work at the Pacific Coast Steel Company after recovering from a badly sprained ankle.

ROBERT SPEED

Managing Editor

FRIDAY, AUGUST 8, 1919.

GOING UP! GOING UP!

From a single issue of the Commercial News: "Street car fares in Chicago have been raised from 5 and 6 cents to 7 and 8 cents"; "Oakland is considering a tax rate which, with the county taxes, will make property owners of Oakland pay a total tax of \$5 per \$100 valuation, a high record for that city"; "W. P. Fuller & Co. are about to increase the price on certain lines of their products"; "Because of a short salmon run this year the price is to be advanced to \$3 per dozen or higher."

Just at present we are not riding in Chicago street cars, using much paint, paying taxes in Oakland, or eating a large quantity of salmon, but oh, brethren, wouldn't it be refreshing to hear of something going DOWN?

THE COST OF FOOD.

The federal bureau of markets reports over fifty million bushels of wheat in the elevators and storehouses on June 1, not including the stocks on farms or commercial stocks. There is 20 per cent more wheat flour on hand than at this time last year.

Very much the same condition seems to exist in the case of many other kinds of foodstuffs, and we have for some time been assured that, barring the most improbable contingencies, the 1919 wheat crop will be enormous.

It will be well to bear these facts in mind next winter if the cost of food makes any eccentric rises. It will be known then that the cost is artificial (and not natural) scarcity.

It should be fairly easy to place the blame. It may be the fault of market riggers and operators, or the cost of transportation, or a shortage of freight cars. If either of these, or any other reason, it should be easy for the government to ferret it out. That is what we have a government for.

But it will be necessary, under any conditions, to trace the trouble to some cause. Costly food means insufficient food; and this, in the case of the individual, means work performed at a handicap, with half efficiency, with an undernourished body.

The result will be curtailed production and diminished prosperity.

It's up to the government!

ABOUT THAT INCOME TAX.

It has been brought to the attention of The Enterprise that many local persons of foreign birth are laboring under the apprehension that they must pay a federal income tax of 8 per cent of their wages unless they are naturalized or have taken out their first naturalization papers. Many, too, seem to entertain the idea that this is a new law.

They are wrong in both cases. The law that requires a person of alien birth to pay 8 per cent of his wages to the government is a provision of the Revenue Act of 1918 relating to income tax. In Sec. 217, Art. 312, of this act it states that the person who is subject to this tax is the "non-resident alien," and further specifies him as he "whose residence is not within the United States and who is not a citizen of the United States." It states further, "Any alien living in the United States who is not a mere transient is a resident of the United States for the purposes of the income tax," and further still, "If he lives in the United States and has no definite intention as to his stay he is a resident."

The law further provides that the employer must retain 8 per cent of the non-resident, foreign-born employee's wages to be paid by that employer to the government, but that a mere written declaration by the employee of his intention to make this country his home, irrespective of whether he has taken out his first naturalization papers or not, is sufficient to exempt that employee from the 8 per cent tax.

If the league of nations don't begin leaguing soon the allies will be scraping among themselves.

The Lord builded wisely, after all. The homely man usually has enough brains to offset his facial defects.

And now, beloved sisters, we humbly suggest a league of neighbors for the amicable adjustment of all future clotheslines disputes.

Some of these days, when we have exhausted our subjects for editorial thinklets, we'll mention Carranza again.

In Chicago, the other day, a murderer made the proud boast that he would never stay in jail. He didn't. He was hung.

It's no trick at all to get rich these days. The chief difficulty lies in keeping out of jail.

If, as they assert, the world is young, we decline to sit up and see the old one out and the new one in.

Time was when we used to take periodical cracks at Rockefeller for boosting the price of oil. But, say! Old John D. has wings compared with some of the modern sharks who are picking the marrow from Uncle Sam's bones.

A Bolshevik? Oh, he's just a cheap imitation of nothing trying to pose as something.

Soap-box orators are continually telling us that nothing is impossible in America. Quite true! Even the sky line is possible in this insane mania for boosting prices.

No, indeed! We are not offering to die for the kaiser or for any other duck. We are hanging onto this life until we pull the last straw under with us.

FROM THE ADMIRAL
OF YOUR FLEET.

San Diego.—Admiral Rodman to-day addressed this message to the people of the Pacific Coast:

"As commander in chief of the Pacific fleet, I extend to the people of the west coast the greetings of the officers and men of this command."

"We are here not only as your protective force but also to test out and develop the navy yards, stations and other utilities pertaining to the fleet, which are already established, and if necessary to recommend their expansion. Our passage through the Panama canal has amply demonstrated that the Atlantic and Pacific fleets can be quickly and expeditiously united in either ocean should the occasion arise."

"It needs your assistance and hearty co-operation to insure the success of our endeavors."

LABOR.

Out of chaos, out of murk,
I arose and did my work
While the ages changed and sped
I was toiling for my bread.
Underneath my sturdy blows
Forests fell and cities rose,
And the hard, reluctant soil
Blossomed richly from my toil.
Palaces and temples grand
Wrought I with my cunning hand.
Rich indeed was my reward—
Stunted soul, and body scarred
With the marks of scourge and rod.
I, the tiller of the sod,
From the cradle to the grave
Shambled through the world—a slave!
Crushed and trampled, beaten, cursed.
Serving best, but served the worst,
Starved and cheated, gouged and
spoiled,
Still I builded, still I toiled.
Undernourished, underpaid
In the world myself had made.

Up from slavery I rise,
Dreams and wonder in my eyes,
After brutal ages past,
Coming to my own at last.
I was slave—but I am free!
I was blind—but I can see!
I, the builder—I, the maker,
I, the calm tradition-breaker,
Slave and serf and clod no longer,
Know my strength—and who is
stronger?
I am done with ancient frauds
Ancient lies and ancient gods—
All the sham is overthrown,
I shall take and keep my own,
Unimpassioned, unafraid,
Master of the World I've made!
—Berton Braley.

OLD-TIME BARBECUE
AT THE STRONG RANCH

An old-fashioned barbecue was held at the ranch of Frank Strong at Woodside Sunday, the affair being in honor of Mr. and Mrs. Frank Fetsch and daughter, Evelyn, of Lakefield, Ore. Mrs. Fetsch is related to the Strong and is also a sister of Mrs. D. N. Stearns of this city.

Many of the older persons present were reminded of scenes from earlier days as the jolly party watched the savory meat cooking over the coals in care of Chef Peter Lind, and also as they gathered around the big out-of-doors table loaded with good things. After the repast the younger people danced and played games, while their elders chatted and exchanged reminiscences.

Besides the guests of honor and the host and hostess with their son, Herbert, and daughter, Marie, those present from this city and San Bruno included the following: Mr. and Mrs. L. Harris, Mr. and Mrs. D. N. Stearns, son Newell, and daughters Alice and Dorothy; Mr. and Mrs. C. Tose and daughter Phyllis and Mrs. Thomas Tose; Mrs. Caroline Burns; Peter Lind, daughter Pauline, and son Peter Jr.; John McDonald, Frank Silvia, N. Davis, and the Misses Marie Burns, Margaret Thompson, Emma Burns, Phoebe Raudebaugh, Edith and Anna Serrari.

THOMPSON AND HYNDING TO
REPRESENT MANUF'S ASSO'N

At a meeting of the Manufacturers' Association of South San Francisco, held Thursday at the Palace Hotel in San Francisco, A. Hynding and P. R. Thompson were appointed as a committee to represent the association in furthering the movement to establish Y. M. C. A. social rooms and recreation grounds in this city, the association giving its approval to the movement. Messrs. Hynding and Thompson, appointed previously as a committee for the same purpose by the Chamber of Commerce, will represent both bodies at the conference with "Y" officials at the Industrial Club tonight.

AUTO AND MOTORCYCLE MEET
AT GRAND AND SAN BRUNO

A slight accident occurred at the corner of San Bruno road and Grand avenue Saturday afternoon when Irwin Lauchere of this city, driving east in a car, collided with a man named Atherton, riding south on a motorcycle. Lauchere was uninjured. Atherton suffered minor bruises and was given emergency treatment at the South San Francisco Hospital, after which he continued on his way to his home in San Mateo. Each man exonerated the other from blame.

NOTICE OF SALE OF IMPROVEMENT
BONDS OF THE CITY OF SOUTH
SAN FRANCISCO.

Notice is hereby given that sealed proposals or bids will be received by the City Clerk of the City of South San Francisco, California, until eight o'clock p. m. on Monday, the 25th day of August, 1919, for the purchase of all or any portion of the following bonds of the City of South San Francisco, to-wit:

One hundred and fifty municipal improvement bonds, series 1919, in the amount of One Hundred and Twenty-thousand Dollars (\$120,000.00). Said bonds are 30-year serial bonds and are one hundred and fifty in number; thirty of said bonds are of the denomination of Three Hundred Dollars (\$300.00) each; the remaining one hundred and twenty of said bonds are of the denomination of One Thousand Dollars (\$1,000.00) each. Said bonds will be dated September 1st, 1919, and will bear interest at the rate of five per cent per annum, payable semi-annually on the first day of March and the first day of September of each year, principal and interest payable in Gold Coin of the United States of America, at the office of the City Treasurer of the City of South San Francisco. Five of said bonds will become due and payable on the first day of September, 1920, and five of said bonds will become due and payable on the first day of September of each year thereafter until all said bonds are paid; interest on said bonds will be evidenced by coupons attached thereto.

Said bonds are issued under the authority of an act of the Legislature of the State of California, entitled "An act authorizing the incurring of indebtedness by cities, towns and municipal corporations for municipal improvements, construction, or completion thereof," which became a law February 25th, 1901, and all acts amendatory thereof, and in accordance with the provisions of law and the ordinances of said city. No bid or proposal for said bonds will be entertained at less than their face value, together with their accrued interest at the date of delivery, and all bids or proposals submitted will be construed by the Board of Trustees to mean par and accrued interest to date of delivery of said bonds, in addition to the premium offered, whether the bid or proposal sets forth the same explicitly or not. Said bonds will be ready for delivery on or about the 15th day of September, 1919, and will be delivered at the office of the City Treasurer of said City of South San Francisco, or at any designated place upon the payment by the purchaser of all expenses incurred in the delivery of the bonds and transfer of the money necessary to make delivery and payment equivalent to a transaction at the office of said City Treasurer in said City of South San Francisco. All bids or proposals providing for delivery at any place other than the said City of South San Francisco will be construed by said Board of Trustees to mean the price bid in addition to the expense of delivery, whether the bids set forth the same explicitly or not.

Each proposal or bid should be enclosed in a sealed envelope addressed to the City Clerk of said City, and endorsed "Proposal for Bonds," and each bid or proposal must be accompanied by a certified check drawn upon some responsible bank of the State of California and payable to the order of the Treasurer of the City of South San Francisco for an amount of five (5) per cent of the face value of the bonds for which said bid or proposal is made, as a guarantee that the successful bidder will take up and pay for said bonds in accordance with his bid within fifteen days after said Board of Trustees shall have passed a resolution awarding said bonds to said bidder. Said check and said amount represented thereby will be forfeited to said city on the failure of such successful bidder so to take up and pay for said bonds in the event the bid or proposal is accepted. Said Board of Trustees reserves the right to reject any and all bids or proposals, and to waive any informality in any bid, as the interest of said city may require. A certified abstract of the proceedings of said bond issue may be had upon application to the City Clerk of said city.

By order of the Board of Trustees of said City of South San Francisco.

Dated August 4, 1919.
WILLIAM J. SMITH,
City Clerk and Ex-officio Clerk of the Board of Trustees of the City of South San Francisco, State of California.

SIMPLE RULES FOR REMOVING STAINS

"The first time I have worn it and look at that spot!"

Every one is familiar with that remark, made in an anguished tone of voice. The tragedy of spoiling a new garment, however, is eliminated if the unfortunate one knows what remedy to apply for that particular kind of stain.

The removal of stains is a necessary feature of the laundering and general care of clothing and other household textiles. Nearly all stains may be removed easily at home if reliable methods are known.

One of the most important factors is to apply the stain remover while the stain is still fresh. Drying, exposure to air, washing and ironing, all make it harder to remove the stain. The nature of the stain should be known if possible before its removal is attempted, since this determines the treatment to be adopted. An unsuitable stain remover may "set" the stains so its removal becomes difficult or even impossible.

Treatment Depends on Fabric.

The kind of fabric on which the stain occurs should also be known, for the method of treatment depends much on the nature, color, weave, finish and weight of the fabric. Do not use strong acids on cotton, and even diluted ones should be neutralized afterward with a suitable alkali. Care should also be taken in the use of the alkali, as it weakens the fabric.

After any reagent rinse the fabric well. Do not use very hot water on wool or silk. Rubbing also must be avoided with these fabrics. Both wool and silk are dissolved by strong alkalis; borax or a weak solution of ammonia is more suitable. Acids, with the exception of nitric, do not attack silk and wool readily.

With colored materials avoid use of a bleaching agent which will destroy the color of the material. Because of this it is much more difficult to remove stains from colored material than from white.

Common Stains, How to Remove Them.

Blood and meat juice.—Use cold water; soap and cold water; or starch paste.

Bluing.—Use boiling water. Chocolate and cocoa.—Use borax and cold water; bleach if necessary.

Coffee and tea (clear).—Use boiling water; bleach if necessary.

Coffee and tea (with cream).—Use cold water, then boiling water; bleach if necessary.

Cream and milk.—Use cold water, then soap and cold water.

Egg.—Use cold water.

Fruit and fruit juices.—Use boiling water; bleach if necessary.

Grass.—Use cold water; soap and cold water; alcohol; or a bleaching agent.

Grease and oils.—Use French chalk, blotting paper, or other absorbent; or warm water and soap; or gasoline, benzene, or carbon tetrachloride.

Iodine.—Use warm water and soap; alcohol; or ammonia.

Ink.—Try cold water; then use an acid or bleach if necessary.

Iron.—Use oxalic acid; hydrochloric acid; salts of lemon; or lemon juice and salt.

Kerosene.—Use warm water and soap.

Lampblack and soot.—Use kerosene, benzene, chloroform, ether, gasoline, or carbon tetrachloride.

Mildew.—If fresh, use cold water; otherwise try to bleach with Javelle water or potassium permanganate.

Paint and varnish.—Use alcohol, carbon tetrachloride, chloroform, or turpentine.

Perspiration.—Use soap and warm water; bleach in the sun or with Javelle water or potassium permanganate.

Pitch, tar and wheel grease.—Rub with fat; then use soap and warm water; or benzene, gasoline or carbon tetrachloride.

Scorch.—Bleach in the sunshine or with Javelle water.

Shoe polish (black).—Use soap and water; or turpentine.

PRACTICAL RECIPES

Under this heading The Enterprise will publish, from week to week, a series of excellent recipes written especially for this paper by a woman who has had a university training in domestic science and a wide experience in cooking in her own home. Every recipe has been thoroughly tested and will be found economical and palatable.

The ideal breakfast for one of moderate exercise is as follows:

Fruit, fresh or cooked.
Cereal. Toast or hot bread. Butter.
Beverage.

For children the beverage should be milk or weak cocoa—never coffee or tea.

For variety in the above the following recipes are offered. In this department all measurements are level.

Bread Crumb Griddle Cakes.

1½ cups fine, dry crumbs.
1½ cups hot milk or part milk and part water.

2 tablespoons fat.

1 egg.

½ cup flour.

1 teaspoon salt.

4 teaspoonfuls baking powder.

1. Add fat to hot milk and pour over the crumbs. Stand until crumbs are soft.

2. Add egg well beaten.

3. Sift into the above flour, salt and baking powder. Beat well.

4. Cook as other griddle cakes.

Waffles are more thoroughly cooked than griddle cakes and are therefore more easily digested.

One-Egg Waffles.

1 egg.

1½ cup milk.

2 cups sifted flour.

3½ teaspoons baking powder.

1 teaspoon salt.

1 tablespoon melted fat.

1. Beat egg.

2. Add milk to the egg and pour over the flour, baking powder and salt which have been sifted together. Beat well.

3. Add the melted fat.

4. Have the waffle iron hot, put on five tablespoons of the batter, turn and brown.

These are crisp and tender.

Corn Fritters.

1 cup corn.

1 egg.

¼ cup flour.

Salt.

Pepper.

1. Cut or grate corn from cob or use canned corn.

2. Add egg well beaten and the remaining ingredients.

3. Drop by spoonfuls into deep fat and fry or cook on hot, well-greased griddle.

4. Serve with syrup.

CHRISTIAN SCIENCE SOCIETY SERVICES

Christian Science Society of South San Francisco will hold services Sunday morning at 11 o'clock. Sunday school at 9:45 a. m. and testimonial services Wednesday evening at 8 o'clock in Fraternal Hall, Grand avenue, near Maple. Subject of lesson "Spirit."

CHURCH NOTICE.

At St. Paul's Methodist Episcopal Church, Sunday, the pastor will preach on the following themes:

11 a. m., "The Investment of Influence."

8 p. m., "The Tragedy of the Unseen Hand."

Bible school at 10 a. m. Lesson subject, "Winning Others to Christ."

Prayer meeting service on Wednesday evening at 8 o'clock.

You are invited to attend these services.

Shoe polish (tan).—Use alcohol.

Syrup.—Use water.

Stove polish.—Use cold water and soap; or kerosene, benzene or gasoline.

Vaseline.—Use kerosene or turpentine.

Water.—Steam or sponge the entire surface of water-spotted materials.

Wax.—Scrape off as much as possible. Use French chalk, blotting paper or other absorbent with a warm iron; or use benzene or gasoline. If color remains, use alcohol or bleach.

Laborers employed by San Mateo county are to receive a raise in wages, thanks to Supervisor Thomas L. Hickey of South San Francisco. At the meeting of the supervisors Monday Mr. Hickey addressed the board, bringing to its attention the fact that while the cost of living had gone up tremendously in the last year or two, the wages paid the county workmen had remained at the same figure, and were far below those paid by most employers. After laying this matter before his colleagues Mr. Hickey made a motion, which was seconded by Supervisor William H. Brown, that the minimum wage for county laborers be fixed at \$3.50 a day, with the maximum at \$4.50 a day, while the pay for a man and team be fixed at \$8 a day. The motion was passed.

William Hogan, a native of New York, died in this city Tuesday of tetanus, contracted from a slight wound on his hand sustained while working on a dredger. The funeral took place Thursday afternoon at 2:30 o'clock from the parlors of S. Nieri, the blessing being pronounced in All Souls' Church. Interment was in Holy Cross Cemetery.

Justice of the Peace W. J. Smith fined James Vichers, of Santa Clara \$25 Thursday morning, the charge being defrauding a hotelkeeper. The complaint was sworn to by Peter Pala, proprietor of the Central Hotel in this city. The complaint was filed July 22.

That another South San Francisco soldier will soon be home was indicated Tuesday, when the parents of Sergeant-Major William J. Hyland received a telegram from him stating that he had arrived at Camp Merritt from overseas service the day before. In a letter from Hyland received Wednesday he tells of the great pleasure it gave him to meet his old friend Etienne Fourcans, another South San Francisco boy, at Brest, July 20, just as Fourcans was embarking for the United States. Hyland was recommended for a promotion from battalion sergeant to regimental sergeant.

There will be a baseball game played Sunday at the old South San Francisco ball grounds between teams from the Western Meat's city office and the local plant. The game is scheduled to start at 10 a. m. These two teams have met before and a fast game is always the result. A dinner will be served at the Welfare Club house after the game, for which a charge of \$1 a plate will be made.

Mrs. O. E. Bohn entertained a few friends at a whist party Wednesday afternoon, assisted by Mrs. Bohn's sister, Mrs. J. E. Farrell of San Francisco. A pleasant afternoon was spent around the card tables and refreshments were served.

W. H. Monroe has been secured by the South San Francisco school board as instructor in manual training and mathematics at the local high school for the coming term. Mr. Monroe was recently discharged from the service, having served as an officer with the A. E. F. in France. He is a Stanford graduate, and the school board are congratulating themselves on securing his services, as he is rated an unusually efficient instructor. He is also an accomplished musician and it is expected will organize a school band. The line-up of teachers is now reported complete for the opening of city schools August 18.

During Mr. Monroe's service in the army Mrs. Monroe was engaged in reconstruction work at the Presidio, San Francisco, being in charge of the work there.

law required, and upon the surrender of the corresponding bonds and the coupons to the said City Treasurer of the City of South San Francisco, and it shall be the duty of the Treasurer of said City of South San Francisco to cancel the same immediately after their payment;

And it is further ordained, represented, promised and agreed that none of the moneys paid into said sinking fund shall be used for any other purpose than the payment of the principal of said indebtedness and the interest thereon until the whole amount of said indebtedness and the interest shall have been fully paid; and that each and every one of the conditions and provisions stated and provided in relation to the said bonds by said ordinance calling said election and by the laws of the State of California shall be complied with.

Section 4. And it is hereby further ordained and ordered that the said bonds be printed or lithographed and the Clerk of this Board be, and he is hereby authorized and directed to have the same properly printed or lithographed and that when the same are properly printed or lithographed, said bonds shall then be duly signed by the President of the Board of Trustees of the City of South San Francisco, and countersigned by the Clerk of the City of South San Francisco, and also countersigned by the Clerk of the City of South San Francisco, as hereinbefore stated, and that in lieu of actual signing of the coupons by the Treasurer of the City of South San Francisco, the name of said Treasurer of the City of South San Francisco be printed or lithographed upon said coupons to be attached to each

of said bonds, and that said printing and lithographing shall be taken to be the act and deed of the Treasurer of the City of South San Francisco thereto.

Section 5. This ordinance shall be published once a week for two (2) weeks in "The Enterprise," a weekly newspaper of general circulation, printed, published and circulated one (1) day a week in the City of South San Francisco.

Section 6. All ordinances and parts of ordinances in conflict herewith are hereby repealed.

Section 7. This ordinance shall go into effect and be in full force and effect after thirty (30) days from and after its final passage, adoption and approval.

Introduced this 7th day of July, 1919.
Passed and adopted as an ordinance
of the City of South San Francisco,
County of San Mateo, State of Cali-

Buy those War Savings Stamps.

A warrant has been issued by Judge W. J. Smith for C. H. Owens of 1436 Valencia street, San Francisco, the charge being battery.. The complaint was sworn to by John Buchel of Colma and recites that on the 16th day of July Owens, in driving his auto through Colma, struck a buggy in which Mrs. Catherine Buchel, mother of John Buchel, was riding, threw Mrs. Buchel out and broke her shoulder blade. Mrs. Buchel, who is an elderly woman, also suffered severe bruises. She was taken to the South San Francisco Hospital after the accident and is still there.

TO DISCUSS PLANS FOR Y. M. C. A. WORK

An important meeting will be held this evening in the Industrial Club in this city when A. Hynding and P. R. Thompson, appointed by the Chamber of Commerce to further the movement to establish Y. M. C. A. reading, class and social rooms and recreation grounds in this city, will meet with Y. M. C. A. officials to discuss plans for the work in hand. It is understood that this committee has already decided upon the best hall in town for the purpose and will make a recommendation that it be rented. The committee may also present to the city trustees at some city council meeting in the near future the proposition that the city incorporate a playground in its plans for improvement at the civic center. The Y. M. C. A. will be represented at the consultation to-night by Secretary David L. Smith of this city and Richard R. Perkins of San Francisco, assistant general secretary of the Metropolitan Association of the San Francisco Y. M.

INTERESTING COPY OF ENTERPRISE APPEARS

Judge E. E. Cunningham has presented The Enterprise office with a copy of the first issue of this paper ever printed on its own press. The little sheet—it is slightly larger than a pocket handkerchief—is noteworthy for two reasons, first that stated, second, that it was a special edition brought out Saturday, April 21, 1906, three days after the earthquake and fire that laid waste the great city of San Francisco.

Previous to that time The Enterprise had been printed in a San Francisco shop. This establishment was destroyed in the great catastrophe. Nothing daunted, the paper's proprietors, L. B. Woodruff and W. J. Martin, got possession of a small hand press upon which this edition was printed. The office and "plant" was then in the Meriam block on lower Grand avenue. Within a few days a larger press was forthcoming from Los Gatos and the career of this paper continued, not an issue having been missed.

The greater part of the front page of the Earthquake Special is given over to the inspiring editorial that had appeared in the San Francisco Examiner the morning before, the editorial that still stands as one of the greatest utterances of its kind ever written, voicing as it did the indomitable spirit of the stricken city, with no suspicion of despair over the terrible blow that had befallen it, together with a clear, prophetic vision of the greater, more beautiful metropolis that would rise from the ashes.

The second page—there are but two—details the damage that this city suffered, the narrow escapes a number of South San Francisco's citizens had during the great convulsion, and the account of a mass meeting held here "to take such action as may be deemed advisable for the best interests of the town in the present emergency." J. L. Debenedetti presided at that meeting, J. J. Kelly acted as secretary, while C. T. Connelly, M. F. Healy, Dr. H. G. Plymire, E. S. Pike, D. O. Daggett, J. E. Rogers and D. Palany were appointed a committee to receive supplies and relieve distress.

The Special states that the damage to frame buildings in this city was confined to broken windows and chimneys. Of the larger structures what was then the new brick Metropolitan block suffered most, the front wall being so damaged that rebuilding was necessary, while the rear wall was badly injured and the large plate glass in front shattered.

Present-day residents or visitors cannot but marvel that so few years have seen the fulfillment of the words of the quoted editorial:

"The appalling calamity which has leveled its proud business blocks and left nothing but charred ashes of its thousands of beautiful homes may check but cannot stay the progress of the bravest city in the United States. Before the embers of the great conflagration have cooled the new San Francisco will begin to rise, prouder, richer, more beautiful than before."

WAR SAVINGS RAFFLE PROVES SUCCESSFUL

The raffle conducted at the Schaw-Batcher shipyards for \$2000 in War Savings Stamps, which closed Monday of this week, proved very successful. The employees of the shipyards and of many of the other industrial plants took a keen interest in the affair and the chances met a ready sale. The contest was organized by the management of the yards to encourage thrift among the men. It is planned to hold raffles for the stamps weekly from now on, \$1000 being put up each week. In many cases the men made pools to buy tickets. No. 368, which won the big \$500 prize, was purchased by men in the pipe shop; No. 1598, which carried off the \$250, by men in the tool room; No. 1301, for \$50, by a pool at the Joshua Hendy Iron Works; No. 1364, for \$25, was won at the same plant, while Nos. 2663 and 2708, for \$25 each, were held by employees at Moran & Co.'s plant. Here is the list of the winning numbers:

368, 1598, 1849, 1301, 207, 1984, 562, 839, 2822, 1627, 760, 2416, 926, 2552, 2248, 422, 1605, 538, 3149, 835, 2591, 1364, 167, 2266, 1222, 1218, 1074, 2076, 2567, 1865, 1258, 2663, 1666, 2812, 3353, 2708, 8516, 2241, 699, 1123, 104, 650, 3015, 925, 1149, 1911, 1898.

THE WELFARE CLUB HAS GOOD ENTERTAINMENT AT PLANT

The entertainment at the Western Meat Company's plant Tuesday evening was well attended and much enjoyed by those present. The various numbers were well rendered.

Earl Schroeter, accompanied by Miss Violet Duer, gave several violin solos. The same two young people, accompanied by Miss Margaret Duer, rendered an excellent violin duet. Joe Monize played several numbers on the harmonica.

He also contributed to the success of the entertainment by boxing three fast rounds with Earl Murray. It is announced that the boys will be seen later in boxing bouts here. Miss Emma Baldacci of San Francisco, rated among the best of piano-accordion players, gave several solos. Miss Geary, soprano soloist, accompanied by Miss Frost, both of San Francisco, gave several vocal selections. Her rendition of Irish melodies was especially fine.

Another San Francisco musician who appeared on the program was Miss Levine, violinist, who was accompanied by Miss Griffin. The two talented young ladies were encored repeatedly and were generous in their response.

Those present pronounced the program one of the best yet given under the auspices of the Welfare Club.

A whist party is to be held next Tuesday evening, the playing to start at 8 o'clock sharp. A prize will be given the winner and all are invited to attend. Score cards will be 25 cents each.

Modern Electric Fixtures

ARE AN ASSET TO PROPERTY

Nothing tones up a piece of business or residential property like modern electrical fixtures.

They are the first thing to attract the eye. If they are new and down-to-date, the entire property reflects their newness. Old-fashioned lighting will not be tolerated by good tenants.

If you are one of those who have joined in the new building movement, see to it that your electric lighting is of the latest design, and that the wiring is adequate to supply all the electric appliances and machinery that may be needed.

If your building is of the older type, rejuvenate it with a modern electrical equipment.

Every dollar spent will prove a paying investment.
Ask your electrical dealer for estimates.
